

Curt M. Clingerman

FSA, MAAA
Actuary

CURRENT RESPONSIBILITY

Curt is a consultant in the Indianapolis office of Milliman. He joined the firm in 2014.

EXPERIENCE

Curt consults on life insurance and annuity products. He has been involved with universal life, whole life, fixed and variable annuities. He has worked with these products in the contexts of modeling, product development, product review, and mergers and acquisitions.

Before joining the firm, Curt worked for Computer Sciences Corporation (CSC). While at CSC, Curt worked on customer system modifications for new products, enhancements to existing products, and system conversions and consolidations. He was also responsible for industry research providing direction for new development on CSC's platforms. He worked extensively with the Cyberlife and Vantage/Wealth Management Accelerator administrative systems. Curt also previously worked for OneAmerica Financial Partners. During his years at OneAmerica, Curt worked in the Individual Life and Annuity Division supporting product development and implementation, cash flow testing, strategic planning, Stat and GAAP financial reporting, and served as Illustration Actuary.
