

### Colin Finch

Actuarial Analyst

---

#### CURRENT RESPONSIBILITY

Colin is an actuarial analyst with the Boston office of Milliman. He joined the firm in 2013.

#### EXPERIENCE

Colin serves a wide variety of commercial lines clients, particularly those in the alternative risk market. These include multi-line property and casualty insurers, captives, large self-insured corporations, risk retention groups, insurance exchanges, and workers compensation self-insurance groups. His primary services consist of loss reserving, ratemaking, captive feasibility studies, funding analyses, and financial modeling.

Colin also regularly assists in the review of rate filings for multiple state insurance departments.

#### EDUCATION

- BA, Economics, Stonehill College
