

Zachariah Muhlenkamp

ASA, MAAA

Associate Actuary

CURRENT RESPONSIBILITY

Zachariah is an associate actuary with the Life Practice in Milliman's Seattle office. He joined the firm in 2015.

EXPERIENCE

Zachariah has spent most of his time at Milliman enhancing MG-ALFA® models for various clients. This has included converting the valuation system of an AG33 block of business to MG-ALFA, as well as developing MG-ALFA models for highly complex legacy interest-sensitive whole life products.

Prior to joining Milliman, Zachariah spent two years in a valuation department and an additional year in a life pricing department for a large insurance company. This broad background was centered on traditional and UL lines of business, and includes experience with dividend analysis, loss recognition testing, unlocking, business planning, external audit work, product pricing, product compliance, and maintaining DAC & reserving models.

PROFESSIONAL DESIGNATIONS

- Associate, Society of Actuaries
- Member, American Academy of Actuaries

EDUCATION

BA, Statistics, University of Cincinnati
