

Dustin Pollastro

PHARM.D, MBA

Pharmacy Management Consultant

CURRENT RESPONSIBILITY

Dustin Pollastro is a consulting pharmacist in the Hartford, Connecticut office of Milliman.

EXPERIENCE

Dustin has previously worked for transparent and traditional pharmacy benefit managers (PBM), as well as health plans managing pharmacy benefits. Dustin has experience in managing standard and custom commercial plans and Medicare Part D.

Dustin has significant experience in many aspects of pharmacy including: formulary operations and benefit, development and management of clinical programs, drug utilization review, prior authorization development and administration, drug information reviews, rebates and contracting, and drug pipeline development. Dustin has worked directly with commercial plans to identify opportunities to maximize savings for their pharmacy drug spend. Dustin has also chaired and sat on multiple pharmacy and therapeutic committees for his various sites of practice.

Dustin also has experience in business administration in a healthcare setting, his experience includes: business management, policy and procedure development, strategic marketing, healthcare protocol development, customer communication and satisfaction, organizational behavior and leadership.
