

### Robin Preijer

MSC, AAG, CEMI  
Consulting Actuary

#### CURRENT RESPONSIBILITY

Robin is a consulting actuary in the Amsterdam office of Milliman and joined the company in 2010. He has more than 20 years of consulting experience in the insurance industry and carries out consulting assignments in field of life insurance and risk management. He regularly publishes articles on Solvency II for pension funds (IORPs).

#### EXPERIENCE

Over the years, Robin has done a large number of actuarial consulting assignments. He specialises in life insurance, covering all areas such as Solvency II, pricing, product development, valuation, modelling, replicating portfolios, mergers and acquisitions (M&A), and model validation.

Between 2005 and 2010, Robin worked as a consultant at Towers Watson Risk Consulting in the Netherlands. Besides M&A projects, during this period Robin was responsible for a number of MCEV review and regulatory reporting projects. He was also responsible for the development and modelling of a cash-flow projection system at a large Dutch insurer. Robin started his consulting career at William M. Mercer in 1997 as a university graduate.

Additionally, he has a strong IT-related background. He knows several programming languages (Delphi and VB/VBA, among others), databases (SQL) and actuarial software packages (including MoSes and Prophet).

#### PROFESSIONAL DESIGNATIONS

Fellow, Actuarieel Genootschap (Dutch Society of Actuaries)

#### EDUCATION

- Master's degree, Actuarial Science, University of Amsterdam
- Certified Expert in Microinsurance (CEMI), Frankfurt School of Finance and Management
