

Stuart D. Rachlin

FSA, MAAA
Principal, Consulting Actuary

CURRENT RESPONSIBILITY

Stu is a principal and consulting actuary in the Tampa office of Milliman. He joined the firm in 1998.

EXPERIENCE

Stu's experience covers a wide range of healthcare topics. He has assisted clients with operational reviews, developing and pricing plan designs, and contract negotiations.

Stu has significant experience and expertise in:

- ACA small group and individual product development and pricing, both on and off the Exchange
- Large group pricing and underwriting
- The Medicare Advantage Part D, PDP and Medicaid marketplaces
- Employer group support, strategizing and helping with benefit design changes, and funding rate development
- Provider Reimbursement strategies
- Expert witness support

Stu works with numerous regulatory authorities. Over the years he has successfully developed cost build-ups, numerous rate filings, as well as year-end statements of actuarial opinion.

Before joining Milliman, Stu was chief actuary for a regional health plan in Cincinnati and was part of the senior management team that successfully guided the organization's integration into a national carrier. Stu began his career with CIGNA, where he held a variety of positions, including several in the group health area. Ultimately, he was the pricing actuary for several major markets.
