

Edem Togbey

ACAS, MAAA

Associate Actuary

CURRENT RESPONSIBILITY

Edem Togbey is an associate actuary with the Milwaukee office of Milliman. He joined the firm in 2012.

EXPERIENCE

Edem provides consulting services in the areas of credit risk transfer, residential mortgage collateral, complex data analysis, and predictive models. Edem's area of expertise is modeling mortgage performance using big data. He developed proprietary loan-level models, rule-based algorithms to evaluate, score, and report on risk profiles of GSE risk share transactions to reinsurers, asset managers, and others interested in participating in mortgage credit risk exposure.
