

Chris Harner

FRM
Managing Director

CURRENT RESPONSIBILITY

Chris is a member of Milliman's Cyber Risk Solutions (CRS) practice group. The practice delivers a portfolio of risk consulting services, such as enterprise risk design, test and build projects, operational risk assessments, enterprise risk management (ERM) education and training, and ERM technology evaluation. The RAS practice uses diagnostic consulting strategies to understand an organization's enterprise risk goals and challenges and then customizes solutions to deliver required business results. Current software solutions include MillimanGRC and the Adaero risk modeling platform.

EXPERIENCE

Chris has 20 years of broad industry experience in banking, insurance and consulting. His international experience spans work in Zurich, London, Athens, Moscow, and New York. Previous employment included: UBS, Renaissance Capital, ABN Amro, Frank Russell Securities and AIG.

Prior to joining Milliman, Chris was a Senior Manager in EY's Enterprise Risk Services (ERS) practice serving banking and insurance clients for eight years.

Professional experience and subject matter advisory include:

- ERM frameworks, assessments, governance
- Preparing for regulatory supervision (FRB, OCC) and conducting regulatory remediation
- Designing Integrated FP&A frameworks
- Complex project management, including leading large teams, interfacing with SMAs executive stakeholders
- Twenty years of experience in financial services and risk management

- Ten years of experience in fixed income
- Eight years of experience in Emerging Markets with an emphasis on Russia and Eastern Europe

EDUCATION

- BA Foreign Language/International Affairs, University of Puget Sound
- MBA, International Finance, Thunderbird, School of Global Management
- FRM, Financial Risk Manager – Certified by GARP
