

Janet Jennings

ASA, MAAA

Associate Actuary

CURRENT RESPONSIBILITY

Janet is an associate actuary with the Boise office of Milliman. She joined the firm in 2006.

EXPERIENCE

Janet works with public and private employers conducting postretirement benefit valuations. Her other consulting assignments include plan and assumption studies, RFP analysis, and estimations of liabilities and reserves utilizing IBNR. Janet also works on Medicare Part D attestations and is a retiree drug subsidy (RDS) account manager. She also works on Early Retiree Reinsurance Program (ERRP) claim submissions and program management.

She has experience in project management, software development life cycle, Six Sigma process management, and data analysis.

PRESENTATIONS AND PUBLICATIONS

Janet has spoken before consultants and professional associations on postretirement benefit valuations, project management, and the RDS process.
