

**Takahiro Kinoshita**

FIAJ  
Consultant

**CURRENT RESPONSIBILITY**

Takahiro is a consultant with the Tokyo office of Milliman. He joined the firm in 2010 and has been involved mainly in financial reporting and risk management projects.

**EXPERIENCE**

Since joining Milliman, Takahiro has been involved in mergers and acquisitions work as well as embedded value reporting. He has also supported projects relating to internal modeling under Solvency II, pricing review, and various research projects.

Before Milliman, Takahiro spent 15 years with Dai-ichi Life, where he gained experience in developing and implementing a cash-flow generator for individual life and annuity as well as performing actuarial work for group insurance. In the last eight years, including two years in New York, he was involved in international discussions on International Financial Reporting Standards for insurance and related areas, as well as Solvency II and the international regulatory standards being developed by International Association of Insurance Supervisors.

He also has working experience with reserving and cash-flow testing in the United States as a trainee at an American insurer.

**PRESENTATIONS AND PUBLICATIONS**

Takahiro is a member of the Insurance Regulatory Working Group at the Institute of Actuaries of Japan. He made a presentation at the Open Discussion Forum in December 2011 on Liquidity Premium in the Valuation of Insurance Liabilities.

**PROFESSIONAL DESIGNATIONS**

- Fellow, Institute of Actuaries of Japan

**EDUCATION**

- BS, Mathematics, Kyoto University
