

Kurt Lambrechts

IABE
Consulting Actuary

CURRENT RESPONSIBILITY

Kurt is a consulting actuary in the Belgium office of Milliman. He joined the firm in January 2012. Kurt and his team carry out consulting assignments in Belgium. Prior to this, he worked for fifteen years as a life actuary and risk manager at KBC Bankinsurance Group in Belgium.

He is an active member of the Institute of Actuaries in Belgium.

EXPERIENCE

Kurt has performed various assignments in the life insurance and ALM area, such as valuation, modeling (Prophet, future profit sharing), Solvency II and IFRS4. He is familiar with the models that rating agencies use in their assessments.

He has been involved in several high-profile risk management projects and he has developed a strong interest and experience in ERM, Economic Capital (ECAP) and value based management.

He is fluent in English and Dutch and has a communicative knowledge of French.
